

## Annuals in Stock May 2, 2021

In early May we plan to open up much of our garden centre to allow you to choose your own plants. We will not be accepting online orders for annuals this year as last year was a stressful and expensive disaster. Nearly half of the orders were not picked up. We will focus on serving you at the garden centre by extending our operating hours and arranging private shopping times for immune compromised individuals. Please email [info@makeitgreen](mailto:info@makeitgreen) if you need to arrange a shopping time.

We anticipate good availability of cell packs, 4.5" pots and 6" pots. Some of the specialty annuals might be in short supply this year due to a shortage of foreign workers and covid outbreaks. One of our primary specialty suppliers is largely shut down at this time as they endure a covid outbreak. Our thoughts are with them. Please consider our staff when you come to shop. A covid outbreak would end our business for good. They are risking their lives to serve you and taking abuse from customers is not in their job description
