

## Fertilizers and Specialty Ammendments May 11, 2021

After some delays we are almost fully stocked with fertilizers and specialty ammendments. Please just come to the store, give us your order and we'll bring you the product. Once we open up a large area of the garden centre to permit in-person shopping, you will still need to ask us for most of these products (much as it has been in the past) as they are not suitable for outside (even covered) display. The same process is used when you by soils. Please place your order at the gate or give it to the cash before we start tallying up your plants and product on your cart. We will not be doing online orders for fertilizers, soils, annuals, vegetables, house plants or herbs.

If you have questions, please email [info@makeitgreen.ca](mailto:info@makeitgreen.ca)

Product Description	Size	Price	In Stock?
Acadie Certified Organic Fresh Seaweed Concentrate .6-0-6	1 Litre	\$39.99	yes
Acadie Certified Organic Hydrolized Fish 2-40.5	500ml	\$14.99	yes
