

Shrubs, Fruit and Evergreens on Order or in Stock May 9, 2021

Most of our shrubs and evergreens have arrived (except Evison Clematis). Please check the "In?" column to see if a plant has arrived. Selection of Butterfly Bush, Rose of Sharon and Roses should increase over the month of May. We have managed to source other plants as well but won't post them here until they are in stock. As we run out of shrubs and evergreens we will order more and update this list when they are in stock or indicated with "sold out" that we don't expect more.

We are in the process of opening up much of our garden centre to allow you to choose your own plants. Most of our trees, shrubs and evergreens are in stock. We will not be doing online orders for plants in stock. If you wish to make a purchase then please come to the store. Orders for trees, shrubs and evergreens not in stock can be emailed to orders@makeitgreen.ca

We will not be accepting online orders for annuals, veggies and herbs this year as last year was a stressful and expensive disaster. Nearly half of the orders were not picked up. We will focus on serving you at the garden centre by extending our operating hours and arranging private shopping times for immune compromised individuals.

The pandemic has been the root cause of a number of current supply issues. This shrub/evergreen list is only 1/3 of the normal size as growers were not able to produce enough to satisfy demand. Most nurseries employ a number of highly skilled foreign workers. Last spring there were major delays in getting the workers to Canada and also quarantine delays. As a result production of 2021's trees, shrubs and evergreens (which primarily takes place in spring) was greatly diminished. In a normal year we are re-supplied weekly by a number of growers. This year we don't expect much in the way of re-supply. A number of growers are trying to make up for the shortfall by selling spring potted trees and shrubs. We will not sell spring potted trees and shrubs as they are far less viable than container grown plants. In this case it makes sense to wait a year and get a better quality plant.

Vegetables, annuals, herbs, perennials and house plants are not affected and we do not anticipate any shortages. We have received about 95% of the soils and compost that we ordered and should have sufficient supply for the year. Freight costs have skyrocketed and those costs are reflected in the price increases that you will see this year. Hopefully supply and freight costs will normalize next year and prices will go down. Happy Spring!

Botanical Name	Common Name	Size	Retail	In?
Abelia mosanensis Sweet Emotion (PW)	Sweet Emotion Abelia	2g	\$39.99
