

Trees in stock Oct 16, 2023

This is our list of trees that we have in stock on the morning of the date listed above. Most of our growers won't be shipping again until April 2024. If you are after any trees that are not on this list then please email us at orders@makeitgreen.ca and we'll see if we can find the plants you are after. At this time of year we will be closed on Tuesdays, Wednesdays and Thursdays.

Please consider our Make It Green card which can save you 10% on your purchases of plants and other products for a year. The card costs \$35 and makes sense if you are planning to spend more than \$350 on product at our store during the next year.

All of our trees are on sale. The price you will pay is 25% less than the price indicated below except for the plants listed in red which are 50% off.

Terminology:

g: Pot size in gallons. The actual size is only around 70% - ie a 10 gallon pot is in fact only 7 gallons in volume
1.5g/2g: when plants in 1.5g and 2g pots are the same age they are the same price
3g/4g: when plants in 3g and 4g pots are the same age they are the same price
000cm: Minimum size in centimeters measured from the point where the plant comes out of the ground
000cmh: Width of a the "head" of a grafted standard - 30cmh means at least 30cm wide at the narrowest part
(std): grafted shrub or evergreen where the top part or head has been grafted to a compatible stem/rootstock
(treeform): trained shrub where only the strongest stem has been kept and grown on for a few years
(shrub): for plants also available as treeform used to indicate that it is not treeform
(clump): more than one plant in close proximity such as 3 stem Birch clump
(single stem): used where a plant might be commonly sold in shrub or clump form. Indicates one stem only
(low branched): single stem but branches start near the ground
x: A hybrid plant crossing two or more related species
(PW): Proven Winners brand
(FE): First Editions brand
(EV): Evison brand clematis
(BE): Bloomin' Easy brand
(DN): Day neutral - strawberries that bear fruit continuously throughout the season
(EB): Everbearing - strawberries that bear multiple batches of fruit throughout the season every few weeks
(EARLY,MID,LATE) - June or July bearing strawberries - large crop for 2-3 weeks
(or): own root rose, not grafted. We expect most of our roses are own root and will verify when we see them
(MALE): Produce pollen to fertilize female plants (berries, nuts, seeds, fruit). One can fertilize up to 8 females.
(FEMALE): Produce berries, nuts etc. after being fertilized by a male plant
(SF): self fertile - produce both male and female flowers on same plant
